

MANITOBA
LIQUOR
& LOTTERIES

Vice-President, Information Technology

Winnipeg, Manitoba

Profile Overview

Manitoba Liquor & Lotteries (MBLL) strives to make the greatest possible contribution to the economic and social well-being of our province. As a Crown Corporation of Manitoba profits received through the distribution and sale of liquor, providing gaming and entertainment experiences and distribution of non-medical cannabis to retailers go back to the province of Manitoba to support programming in health care, education, social and community services.

To continue this contribution, MBLL is ready to welcome a Vice-President, Information Technology (VP IT) to their team. Reporting to the CEO and as an active member of the Executive team, the VP IT is responsible for all aspects of the organization's information technology and systems while providing vision and leadership for developing and implementing technology initiatives.

This role is an excellent opportunity for the people and business focused leader who can drive and implement strategic initiatives while providing strong guidance to a large and diverse team.

Overview of Responsibilities:

- Provide strong, effective and highly visible people leadership to the IT team, including mentorship to IT leadership.
- Direct the strategic planning and implementation of IT systems in support of business operations, cost effectiveness, service quality, and evaluating existing technologies and processes.
- Maintain an enterprise cybersecurity program to identify, evaluate, report on and resolve cybersecurity risks.
- Plan, facilitate, maintain and manage the organization's technology footprint; ensuring cybersecurity and disaster recovery, reducing technical sprawl and obsolete and aging technologies, modernizing systems and developing core strategies.
- Build strong relationships with teams and their leaders across the organization, and develop a detailed understanding of their issues, challenges and opportunities.
- Promote and oversee strategic relationships between internal IT resources and external entities, including government, vendors, and partner organizations.

PREFERRED EXPERIENCE & SKILL SET

- Have completed post-secondary education in Computer Science / Information Technology preferably supported with a business degree such as an MBA.
- Have deep experience in applying strategic and operational business approaches and practices to achieve outcomes and maximize performance expectations.
- Have a proven track record of building and developing complex technology platforms on an enterprise level.
- Have hands on experience leading large scale implementations of technologies and systems in multi-site and complex organizations.
- Possess strong business planning and financial management experience.
- A strong and collaborative leader who enjoys guiding and mentoring a team.
- Have the ability to work collaboratively at all levels to influence change and deliver innovative solutions.

About Manitoba Liquor & Lotteries

Manitoba Liquor & Lotteries is a Crown Corporation of the Province of Manitoba. They distribute and sell liquor, provide gaming and entertainment experiences, and source and distribute non-medical cannabis to retailers in the province, all in a socially responsible manner.

They operate Club Regent Casino, McPhillips Station Casino, Gaming Centre, Video Lottery Network and PlayNow.com and distribute and sell Western Canada Lottery Corporation products through privately-owned lottery ticket retailers.

As a retailer, MBLL operates 63 Liquor Mart and Liquor Mart Express stores throughout the province, serving more than 1,700 commercial customers across Manitoba including privately-owned liquor vendors, duty-free stores, and specialty wine stores.

And lastly, MBLL sources and distributes non-medical cannabis to privately-owned retailers in Manitoba.
